

*State of Alabama***November 2010 Monthly Update Form****Data reporting range: 2/18/2009 to 11/30/2010 11:59:59 PM**

Agency/Institution: Economic Community Affairs, Department (ADECA)

Date of Submission: 12/08/2010

The amounts entered below should represent cumulative totals for the life of the Recover Act program/grant.

Grant Name	State Energy Program Special Projects - Industrial Technologies Program
Award Number	DE-EE0000630
Sub-Award Number	
Section 1512 Reporting?	Yes
CFDA Number	81.119
Grant Description	The Energy Division will reduce industrial energy intensity and increase education about energy management with manufacturers across the state. These goals will be met by performing on-site energy assessments alongside lean manufacturing assessments at small, medium, and large manufacturing sites. Extensive on-site follow up visits will be conducted and the opportunities identified through the assessments will be publicized in order to maximize implementation and stimulate replication. Training programs will be offered on the Industrial Technology Program Best Practices and the Practical Energy "Train the Trainer" protocol.
Application Status	Approved
Recipient Type	Prime Recipient
Prime Recipient	
Delegated/Non-delegated	N/A
Application Date	6/29/2009
Award Date	11/18/2009
Expenditures Status	Funds Received
Deadline for Grant Expenditures	03/31/2013
Quarterly Jobs Created/Retained*	6.93
Types of Actual Jobs Created/Retained	Subgrantee jobs retained and positions created as a result of Recovery Act funding.
ARRA Funds Awarded**	\$350,000
ARRA Funds Received/Invoiced***	\$91,993
ARRA Funds Expended****	\$91,993

Program/Grant Administration	In early November, the Alabama Industrial Assessment Center (AIAC) and the Alabama Technology Network (ATN) met with Navistar Diesel in Huntsville, AL to discuss resources available for an assessment. The assessment was held in late November, concentrating on the building envelope and HVAC system. The assessment team will develop a building energy model and use this to look at alternative scenarios for energy savings, and an assessment team is scheduled to return December 16-18 to consider lighting improvements. Also in November, the AIAC conducted an assessment at Topre American in Cullman, AL, with two teams concurrently studying lighting and the cooling water pumping system. Both Navistar and Topre America are considered Large Energy Users. ATN and AIAC representatives will be attending a meeting of the Southeast Energy Efficiency Alliance (SEEA) on December 1 to present available resources as well as the IAC and other DOE Industrial activities, and the DOE/ITP Steam Systems Specialist Qualification Training will be held in Calera, AL, December 7-9. A meeting with ISE Innomotive is planned to discuss available resources, and if an assessment materializes from this, it will be the final planned Medium Energy User assessment of Phase 1. In addition to ISE, AIAC is attempting to schedule an assessment at Nemak, possibly from Dec 13-16. Nemak is another Large Energy User, and both the boiler and the process heat systems have been discussed as potentials for evaluation.
Sub-grantee Application Deadline	
Sub-grantee Selection Criteria	
Number of sub-grantees / sub-recipients	2
Other Information	
Agency Information Verified by	Karl Frost
Phone	334.242.5322
*Quarterly Jobs Created/Retained: The total amount of jobs created/retained for the most recently reported quarter. This number should match the number of jobs reported to the respective Federal agency in the last quarterly reporting period.	
**Amount Awarded: The total amount of ARRA funds that an agency/institution is expecting to receive over the life of the grant/program.	
***Amount Received/Invoiced: The amount of Recovery Act funds received through draw-down, reimbursement or invoice.	
****Amount Expended: The total amount of ARRA funds spent on ARRA projects to date. This could include amounts that have been reimbursed to a sub-recipient.
